

To Whom It May Concern:

I am writing a reference letter at the request of Aiden Rodriguez who is currently a two-way player at the Varsity level. I have coached Aiden for two years and have watched him mature tremendously in just those two years. He is a poised athlete with a great understanding of the game of baseball and would fit in any team environment. Aiden's athletic ability on the field has improve every year just scratching the ceiling of what he is capable of. He can play the corners with good defensive ability. Hitting in the middle of a lineup showing great bat control and power. Aiden has shown great command of his fastball and secondary pitches while controlling both side of the plate.

Sincerely,

Fabian Ochoa
